

NO: CR-104
DATE: August 2012

PRODUCT: Swipe and Insert Card Readers
TYPE: Product Discontinuation

Omron Discontinues All Swipe Card Reader Models and older Insert Card Reader Models, Effective February 28, 2013

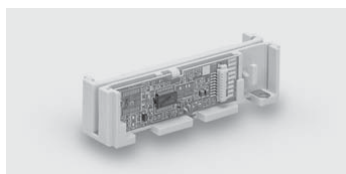

Omron will discontinue all swipe card readers within the **V3A, V3B and 3S4YR-HNFR series**, along with all insert card readers within the **3S4YR-SBR series** and the **TTL versions of the V4K Insert Card Reader series**. This discontinuation is due to reduced demand and vendor discontinuation of parts used to manufacture the card readers. The discontinued products include, but are not limited to, the items listed below, which were registered in our JDE system.

All 'last time buy' orders for the following models must be entered by February 28, 2013.

Series Name	Description (Part Number)	Internal PIM Number	PO Lot Quantity for Last Time Buy (multiples of)
V3A	V3A-1	3968814-4	360
