

TITLE Product Change Notification	DOCUMENT NUMBER PCN22-006	
	DOCUMENT ISSUE 01	PAGE 1 OF 2

Product Change Notification Number:

The purpose of this notification is to give a formal product change announcement for the following products.

Part Number	Old Manufacturing Mark Code	Product Change Date
CozIR-WV, ExplorIR®-WV and SprintIR®-WV, all current versions including those with flow adaptor and temperature and humidity	CozIR/ExplorIR/SprintIR WV CozIR/ExplorIR/SprintIR WVF CozIR/ExplorIR/SprintIR WVHF CozIR/ExplorIR/SprintIR WHVE EVKITEWV	November 2022

Reason for Product Change – Retiring Analogue product variants

For logistic reasons GSS are retiring the CozIR WV, ExplorIR WV and SprintIR WV models these are the analogue variants of the sensor (V) as listed above.

The current CozIR W, ExplorIR W and SprintIR W models will however continue to be supported by moving to a new design. Unfortunately, this design does not support the analogue functions.

Where a customer wishes to change an existing order of an analogue variant to a non-analogue product, we will be able to support these requests on notification, please contact your local sales office, your local distributor or sales@gassensing.co.uk or +44 1236 781900.

We will issue a separate PCN for the CozIR W/ExplorIR W and SprintIR W change shortly, however current data sheet parametric performance limits for these products will remain unchanged.

Shipment Dates

From 22nd November 2022 there will be no further deliveries of CozIR-WV, ExplorIR®-WV or SprintIR®-WV (or variants thereof) made by GSS.

Should you have any further enquiries please contact your local sales office, your local distributor or sales@gassensing.co.uk or +44 1236 781900.
