

Honeywell Announces Obsolescence of Legacy SST Pressure Transducer Series

Honeywell is announcing the obsolescence and Last Time Buy of Legacy SST Series Pressure Transducers. Market demand for these legacy Series part numbers continues to decline and Honeywell has reached the point where the costs to maintain the equipment and supply base is not justified. Due to a fixed amount of remaining capacity, fulfillment of Last Time Buy orders will be limited and subject to cancellation at any time. It is recommended that orders be placed promptly to improve the likelihood of fulfillment.

AFFECTED PART NUMBERS

This announcement serves as the formal communication that the following SKUs will no longer be available for sale in accordance with the Timeline shown below. Please refer to the list below for a complete list of retiring part numbers.

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell’s standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **The foregoing is buyer’s sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
