

Product Change Notification

TE Connectivity

Product Change Notification: E-14-005506

PCN Date: 30-MAY-14

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
AMPMODU 2mm PIN HEADER, SMD (966926)

Description of Changes
Gold flash to be permitted on the surface shown (top surface of solder tail), note 8 added in sheet1. Customer drawing 966916 superseded by 966926. All the details added into drawing 966926.

Reason for Changes:
Product Improvement. While plating the small pin in area F with gold, it happens that a gold flash layer is created on the top surface of solder tail where plating is not required. Currently tin is plated but due to plating process, Gold flash is formed. This does not have any functional impact only Visual.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	12-AUG-2014
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	31-DEC-2014
