New CHERRY Global D4 Sub-Miniature Snap-Action Switch to Replace E21-E36 Series

Product Change Notice (PCN): End of Life E21-E36 Series

As a follow up, we would like to remind you that we will be ending production of our E21, E22, E23, E31, E33, E34, E35 and E36 miniature snap-action switches. These switches will be replaced with our new Global D4 miniature snap-action switches that are halogen free (T85 versions), comply with the new UL61058 certification standards and are constructed with an upgraded housing material. This PCN lists all part numbers being obsoleted. These part numbers will correspond with the cross list that was sent out last week. Again, standard items will be crossed, and specials will say "consult factory". Please work with your local rep, regional sales manager and the CHERRY support team to cross EOL products.

Purchase orders for the products listed below will be accepted until 12/31/13 with a ship date no later than 7/1/2014. Please note that all last time buys will be non-cancellable and non-returnable (NCNR).

This change will ONLY affect the following Part Numbers:

Parts / US Version	Recommended GD4 Cross	Alternatives
0E2100A0	D413-R1AA	D413-Q1AA or D413-Q3AA
0E2100AX	D419-R1AA	D419-Q1AA or D419-Q3AA
