The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

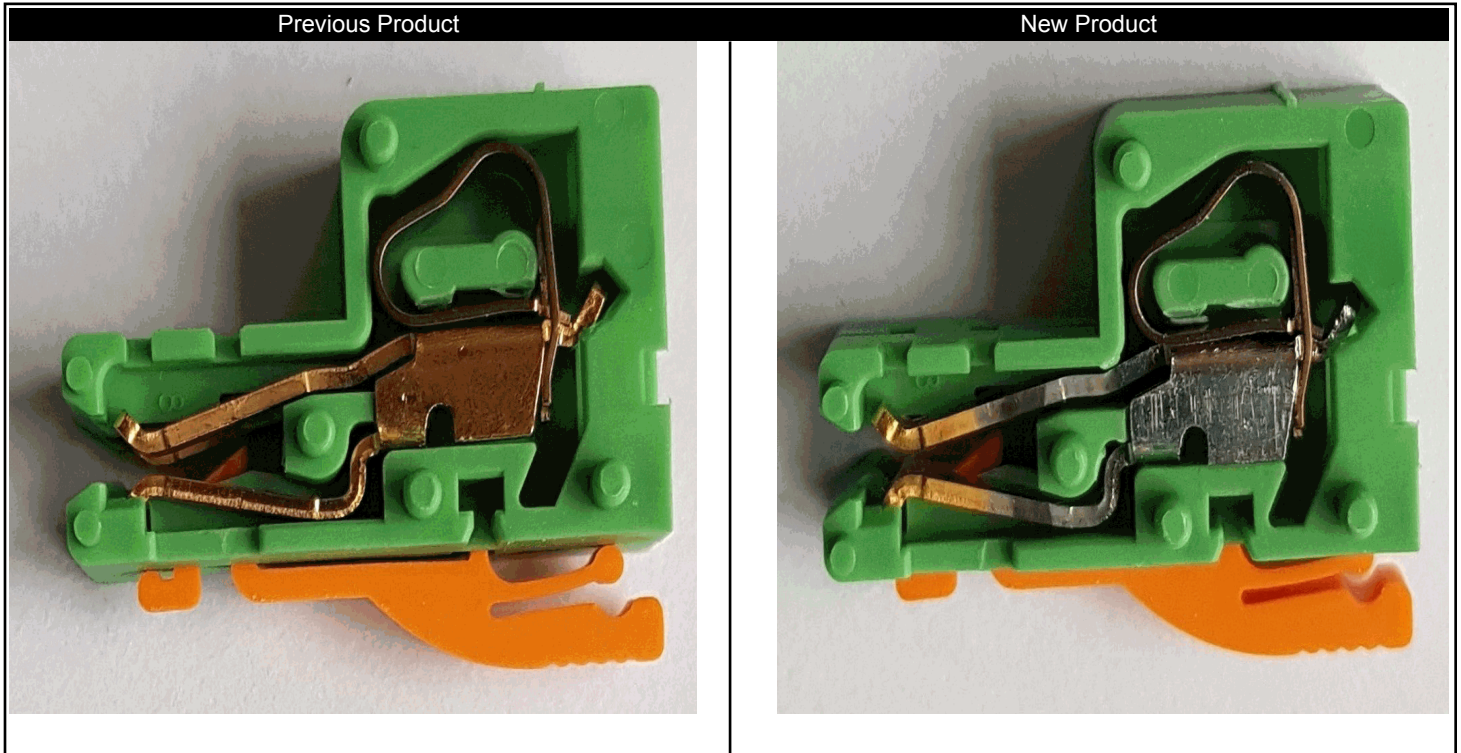

To optimize the production process we have change the metal contact from a complete to a partially gold-plated surface. This change does not increase the contact resistance. Also dimensions and technical data are not affected by this modification. Version/revision level will be adjusted per the attached spreadsheet. During the conversion phase both versions will be delivered, depending on the local inventory.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	No
