Product Change Notification: E-20-010686

PCN Date: 20-AUG-20

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

PCN(H) series relay

Description of Changes

1. For standard tube packaging type. Enhance outside carton, use foams to replace bubble sheet and cancel inside carton. Products have same packaging protect level and qualified by same package drop test standard. And optimize base and stationary terminal structure to improve contact gap uniformity and improve gluing efficiency. Keep products same function and performance as existed production goods. 2. For other type. optimize base and stationary terminal structure to improve contact gap uniformity and improve gluing efficiency. Keep products same function and performance as existed production goods. See attachment in detail.
