Product Change Notification: E-19-010604-C

PCN Date: 05-AUG-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

ASSY,PIN,2-8mm,CRIMP

Description of Changes

To increase the retention of the retaining spring on the pin, the inner diameter of the retaining spring and the outer diameter of the pin were both reduced to create a tighter fit between the spring and the pin and the height of the retention tines on the spring were increased accordingly to maintain the proper location of the tip of the retention tines with respect to the ledge in the housing that these tines make contact with.

Reason for Cancellation:

No need to change -1 since -1 will be obsolete it due to no actual sales.
