4M Change Notice

Small Lithium Ion Secondary Battery CT04120

Dear. Valued Customer

Thank you very much for your great and continued support for business with Murata.
This is the official notification that some of our products' 4M Change will be proceeded as detailed below.
Please review this, and confirm that you will expect to receive products after this 4M Change.
Your understanding and support are highly appreciated.

1. Product Type, Changes, and Customer/Murata/Alternative Part Numbers:

Product Type: Small Lithium Ion Secondary Battery CT04120

Changes: (1) Negative electrode active material supplier: New supplier
(2) Negative electrode production site: Now outsourced, plan to add Tohoku Murata Manufacturing Co., Ltd.

*No change in negative electrode active material (Lithium titanate)

Please refer to the attached documents for detailed Part Numbers' information.

2. Reasons/Background:

(1) Since our current supplier will stop the production of lithium titanate, we will change our material supplier
(2) We are planning to add negative electrode production site of our Koriyama plant as BCP

3. Products Before and After the Change:

No change in specification
No change in product part number.

4. Change Schedule:

First shipment with above changes **Mid February, 2022**

5. Contact Window:

Should you have any questions or concerns,
please contact Murata Sales, Representative, or Distributor in your area.

Truly Yours. Thank you.
