

December 4, 2015

To Valued Customers:

Thank you for your continuous support of FDK products. Please allow us to inform you regarding discontinuation of Li model listed below (to be replaced by alternate supplier of connector).

Discontinued Model (current):

ML2430-CJ1 (using JAE connector)

Models Changing to Alternative Supplier (of connector):

ML2430-CJ1 (will use JST connector)

- ❖ JAE connector is already discontinued and will be replaced by JST connector (SPH-002T-P0.5S / Housing: PHR-3) as direct replacement for JAE connector.
- ❖ Included with this letter is updated drawing of ML2430-CJ1 using JST connector; please review and acknowledge approval to use the new JST connector for any future orders to be placed with FDK on this cell model.

We would like to receive your demand for this model for CY2016 in order to secure the new JST connector based on your demand needs. We apologize for any inconvenience caused and thank you in advance for your understanding. If you have any questions regarding this, please feel free to contact me.

Thank you for your understanding and cooperation on this.

Sincerely,

Jim Lewis
OEM Sales Manager
