PCN-FDC-6791-2021

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
FDC - Field Device Connectors	ABQ	Product Change Notification	Notify Distributors and Field	4/28/2021

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

For L-coded M12 flush-type connectors, in accordance with the attached item list, the wire color of the FE position for the 14 AWG wire and 16 AWG wire will change from gray to pink, in conformity with an update to the standard DIN EN 60445. The change will start in the first half of 2021. During this period, mixed deliveries are possible. We expect to deliver all affected items with the changed design starting on 2021-07-01. No other technical or electrical data of the items will be affected by this change. With this product change, due to the PROFINET standard and its user organization (PNO) and the resulting adjusted approval conditions, we are meeting the market and customer requirements early on. The change also affects the L-coded M12 cable connectors and conductors. An individual PCN has also been created for this.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

Transaction Dates

Date modification goes into effect from Germany:	7/1/2021
Expected first shipment (from Phoenix Contact) of the modified products(s):	7/1/2021
