

## Product Change Notification

Date: 3/25/14

Objective: PT-121 (Standard Rth Product) End-of-Life Notification

Dear Valued Luminus Customer:

As Luminus continues to improve the performance of its products, we are consolidating some of our legacy products lines. As a result, Luminus is notifying its customers of the discontinuation of the PT121 standard Rth product and offering the thermally enhanced (TE) version of the product as its suggested replacement. The PT121-TE product has higher average performance and it is mechanically and electrically backwards compatible with the PT121 (standard Rth) product.

The affected ordering part numbers and their suggested replacement part numbers are:
