Product/Process Change Notification <Power Can Production Flexibility>

Date: 20210706	ID Number : PCN-210707-SS
Affected Products	Series C44A, C44B, C44E, C44H, C44U, C4DC, C4DE, C4DR
Change	The affected products currently Produced in the KEMET Pontecchio Plant will produced in the Kyustendil KEMET plant too. This Production Flexibility will be achieved without impact to product form, fit, or function as the products built in the Kyustendil location are equivalent to those currently built in Pontecchio with respect to performances, mechanical, quality and reliability characteristics. The new qualified location will comply with standardized control techniques, which meets stringent qualification testing to guarantee product performance.
Justification and Benefits	Such production displacement in Kyustendil plant will result in an enhanced capability to better support KEMET Customers
Effective Date and Identification	First shipments from Kyustendil shall take place on or before Oct 01 st 2021. Without acknowledgement of this amendment notification by Sept 01 st 2021 KEMET will proceed to implement the change as described herein. Production Plant will be Identified by mean CoO printed on the packing label. No other changes to appearance or label will be made.
