## **Product Change Notification**

**PCN No: 2009-11-10-02**

**Report Date: November 10, 2009**

**Subject: MOP-AV202C-BNNN and VK202-25  
New Screen Board Revision Release**

---

### **List of Changed Products:**

- **MOP-AV202C-BNNN**
- **MOS-AV202**
- **MOI-AV202**
- **MOU-AV202**
- **VK202-25**
- **VK202-25-USB**
- **VK202-24-USB**

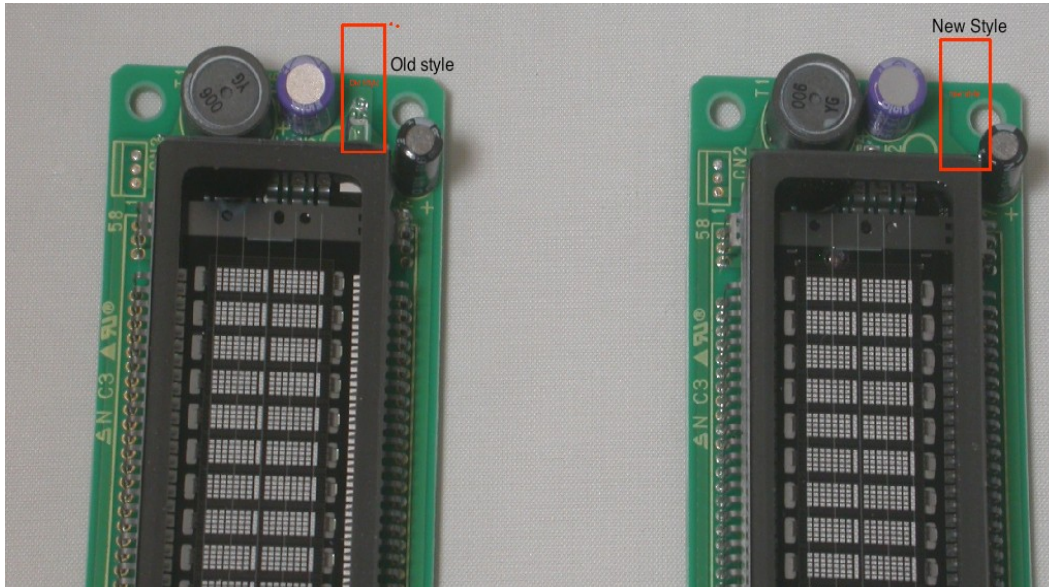

Including all applicable extensions and combinations

### **Reason for Change:**

Our vacuum fluorescent display manufacturer has updated the 2x20 VFD displays with a new piece of glass using tipless technology.

**Product Change:**

The vacuum fluorescent display remains almost exactly the same; the only change is the absence of the tip on the right side of the glass. The change is so minor that the manufacturer has not changed the internal part number for Matrix Orbital.

**Schedule of Change:**

December 2009, as stock permits.

Old style stock is to be depleted before the new style is used.

## **Documentation Revision**

Revision	Changes	Date	Author
1.0	Initial Release	November 10/09	R Malinis

## **Contact Information:**
