SlimFix X is a conductor and cable marker system with a space-saving design. The markers can be fitted even after the wiring has been installed. They are made from halogen-free material and conform to flammability rating V0. SlimFix is an acknowledged and approved marker type in transport engineering. Attaching even small markers is no problem with the **SF tool**.

- Halogen-free material
- Flammability rating V0
- Approved and listed markers for traffic engineering
- Attach to conductor cross-sections above 16.0 mm² with cable ties
- Markers in proven multicard format
