

210119968 Availability of Si5335x Rev1.0 Datasheet

PCN Issue Date: 1/19/2021

Effective Date: 4/23/2021

PCN Type: Datasheet

Description of Change

Silicon Labs is pleased to announce the availability of revision 1.0 of the Si5335x datasheet.

Reason for Change

The following changes were made to the datasheet:

- Added 10-output Si53350 ordering option, in 48-QFN package
- Added complementary LVCMOS output ordering options
- Updated CLK_SEL output format table in section 3.2
- Remove "M" from second row of topside marking diagram
- Updated notes in Table 5.5

Impact on Form, Fit, Function, Quality, Reliability

No changes to form, fit, quality and reliability; functional spec table is changing due to 10-output order option.

Product Identification

Existing Part #
Si53352A-D01AM
Si53354A-D01AM
Si53358A-D01AM
Si53350A-D01AM
Si53352BDxxxxx-AM
Si53354BDxxxxx-AM
Si53358BDxxxxx-AM
Si53350BDxxxxx-AM

Last Date of Unchanged Product: 4/23/2021

Qualification Samples

Available upon request.

Customer Response

Lack of acknowledgment of the PCN within 30 days constitutes acceptance of the change, Ref. JEDEC-J-STD-046.

To request further data or inquire about this notification, please contact your Silicon Labs sales representative. A list of Silicon Labs sales representatives is available at <http://www.silabs.com>.

Customers may approve early PCN acceptance by emailing approval, along with PCN # to PCNEarlyAcceptance@silabs.com

User Registration

Your personalized profile allows you to receive technical document updates, new product announcements, “how-to” and design documents, product change notices (PCN) and other valuable content available only to registered users. <http://www.silabs.com/profile>

Qualification Data

Available upon request.

Disclaimer

Silicon Labs intends to provide customers with the latest, accurate, and in-depth documentation of all peripherals and modules available for system and software implementers using or intending to use the Silicon Labs products. Characterization data, available modules and peripherals, memory sizes and memory addresses refer to each specific device, and "Typical" parameters provided can and do vary in different applications. Application examples described herein are for illustrative purposes only. Silicon Labs reserves the right to make changes without further notice and limitation to product information, specifications, and descriptions herein, and does not give warranties as to the accuracy or completeness of the included information. Silicon Labs shall have no liability for the consequences of use of the information supplied herein. This document does not imply or express copyright licenses granted hereunder to design or fabricate any integrated circuits. The products are not designed or authorized to be used within any Life Support System without the specific written consent of Silicon Labs. A "Life Support System" is any product or system intended to support or sustain life and/or health, which, if it fails, can be reasonably expected to result in significant personal injury or death. Silicon Labs products are not designed or authorized for military applications. Silicon Labs products shall under no circumstances be used in weapons of mass destruction including (but not limited to) nuclear, biological or chemical weapons, or missiles capable of delivering such weapons.
