

Standex-Meder Electronics: Product Discontinuation Notice | GP501, GP560 Series Reed Switches

05.09.2017

Dear Valued Customer,

The purpose of this communication is to inform you that, **effective immediately**, Standex-Meder Electronics has discontinued the GP501 and GP560 series reed switches.

The Palladium (GP) switch was developed as an alternative to Rhodium (GR) switches which are electrically and mechanically identical. Rhodium is much harder than platinum & palladium, typically 800-1000HV, with an electrical conductivity of 38% IACS. This makes it the most electrically conductive of the platinum group metals.

Our primary focus to reduce the portfolio, leads to increase in the output and availability of reed switches.

Transition Table:

Discontinued Part Number	Replacement Part Number	Availability
GP501/10-15 AT	GR501/10-15 AT	Shipping
GP501/15-20 AT	GR501/15-20 AT	Shipping
GP501/20-25 AT	GR501/20-25 AT	Shipping
GP560/10-15 AT	GR560/10-15 AT	Shipping
GP560/15-20 AT	GR560/15-20 AT	Shipping
GP560/20-25AT	GR560/20-25 AT	Shipping

If you have any questions, please contact your Standex-Meder Electronics Customer Support at (800) 870-5385 or (508) 295-0771 x101.

Sincerely,

A handwritten signature in black ink that reads "Julie Dargie". The signature is written in a cursive style with a large, sweeping initial 'J'.

Julie Dargie
