

**NO:** LS-077                      **PRODUCT:** TL4019 Safety Door Switches  
**DATE:** July 2015              **TYPE:** Modification Notice

## Slide Bolts Modified for STI TL4019 Safety Door Switches

**Effective Date:** May 1, 2015

**Description of Modification:**

A screw which helps hold the slide bolt handle in place will change from an M8x30 to an M8x35 (5mm longer). The modification does not affect fit or function of the product. The modified screw improves the mechanical fastening of the release handle.

New screw will be M8x35
