## PHASE-OUT NOTICE

Dear Channel Partners,

The purpose of this product notice is to inform you that the Crouzet motomate motors product range is being phased-out.

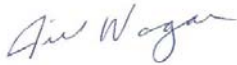

The product series is being phased-out because they were originally programmed with an old Crouzet Millenium 2, which is no longer available and supported by current Windows XP platforms. Sales in North America for the past 3 years are mostly non-existent, so this should not have much effect on your customer base. This is more a formality to clean up your database of available Crouzet part numbers.

Please see separate Excel file for all part numbers to remove from your Crouzet product offering.

We appreciate your understanding and we will keep focusing on providing more enhanced and value-added products for you.

Do not hesitate if you have any further questions.

Kind Regards,

Jill Wagar  
Channel Sales Manager
