DATE: January 2018	TYPE: MODIFICATION – Change to Printing Method

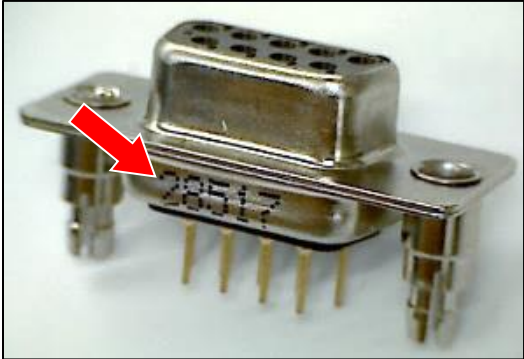

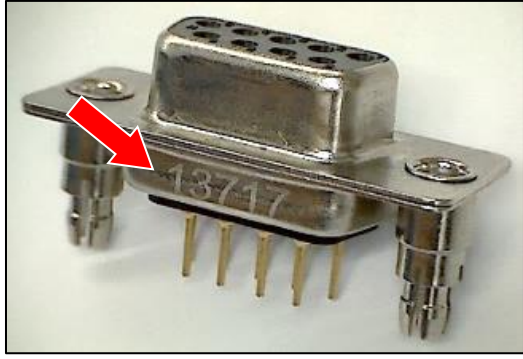

XM2E-L, XM2F-L and XM4L-1541 D-Sub Connectors Change to Printing Method

In an effort to enhance our production process, Omron will change the printing and marking method used for the XM2E-L, XM2F-L and XM4L-1541 Straight Terminal, D-Sub Connectors. The new method of marking the product will take effect as of our production in July 2018. This modification notice will explain the appearance change of the marking on the XM2E-L, XM2F-L and XM4L-1541 Connectors. This change will not alter the technical specifications or external dimensions of the connector or socket. The models to be affected include, but are not limited to the models listed below; should you have any additional questions, however, please communicate with the Connector Product Specialist.

Effective Date:

Effective as of our production in July 2018
