

## Global Change Notification (GCN)

Product Family	Speedstack	10728868
		GCN Number
Series	171810/171446	November 13, 2015
		Date Issued
Reason For Change	Product Component Change	
Change Description	Original SpeedStack Design of Plugs, both standard (Series 171446) and single-ended (Series 171810) included air slots between terminals for maximum electrical performance. Short fill of the housing material occurs, allowing the terminals to move in the housing. This creates a situation where damage to the plug and receptacle occur upon mating. The new design removes the air slot on the top of the terminals allowing for better mold fill, and better terminal retention, and yields minimal change in electrical performance. The air slot for all plugs (standard and single ended) will be changed. All part numbers with 171446-0xxx and 171810-0xxx will be obsolete and replaced with 171446-1xxx and 171810-1xxx for traceability.	

Part Numbers Affected	Please refer to CustomerPartList.csv attached to e-mail message.
Reason For Short Notice Exception	8D Corrective Action Changes
Assessment Of Change (How Product Will Be Qualified & Validated)	Internal qualification done.
Internal Molex Qualification Date (Planned Date Information Available)	October 30, 2015
Sample Availability Date (Changed Part)	October 20, 2015
Date of Implementation	November 15, 2015
Method of Identifying Change	New part number on the label
Recommended Replacement Parts	with replacement
Last Time Buy Date for Obsolete Parts	

Last Time Ship Date for Obsolete Parts
