Why is this “end of life” taking place?

With the growth in demand and economies of scale for producing the global ZETA-NLP-LTEM (GL) modem, it no longer makes sense to continue producing the regional versions such as ZETA-NLP-LTEM (EU).

What is the replacement part?

ZETA-NLP-LTEM (GL) STARTER KIT which is product code 60796

A datasheet and user manual are attached. The manual is exactly the same as that used for the ZETA-NLP-LTEM (EU) model.
