

Global Change Notification (GCN)

Product Family	Impel Backplane Header	10657737	
		GCN Number	
Series	Impel	November 21, 2014	
		Date Issued	
Reason For Change	Product Component Change		
Change Description	Molex is updating Impel™ BP Header, 3 PR and 4 PR for optimum mechanical and SI performance. The changes include increasing the push shoulder for better impedance and increased bearing surface for improved true position. Qualification test had been conducted by Molex to justified the change. There is no impact to the existing parts and this is an improvement only. The change will be a running change that will not effect assurance of supply.		
	Existing Signal pin	Increase push-shoulder width for impedance Increase bearing surface for pin true-position and retention New Signal pin	
Part Numbers Affected	Please refer to CustomerPartList.csv attached to e	e-mail message.	
Reason For Short Notice Exception	Not Applicable		
Assessment Of Change (How Product Will Be Qualified & Validated)	Molex Qualification test		
Internal Molex Qualification Date (Planned Date Information Available)	October 01, 2014		
Sample Availability Date (Changed Part)	October 01, 2014		
Date of Implementation	May 31, 2015		
Method of Identifying Change	Running change		
Recommended Replacement Parts	NA		
Last Time Buy Date for Obsolete Parts			
Last Time Ship Date for Obsolete Parts
