May 31, 2021 (REV.1 8/6/21)

## Product Discontinuation Notice

To all Nidec Copal Electronics customers and distributors,  
After a review of our DC Geared Motor product offering, we have decided to discontinue manufacturing select motors due to no or very little sales.

Each motor line in our portfolio was evaluated during this review. This will help us focus on our motor lines that are doing very well and our other products such as micro blowers, switches, joystick encoders, liquid leak sensors, pressure gauges, pressure switches, potentiometers, fans and encoders.

The discontinued products are listed below.

The last orders for these parts will be accepted thru **June 30, 2021**. The last shipment date will be **December 31, 2021**.

If you have any questions please feel free to contact Nidec Copal Electronics.

Best wishes and thank you for your continued support.

Best regards,

Bob Wanless  
Director of Marketing & Distribution
