

Specifically designed to strip 3.1mm(W)x2.0mm(H) FTTH drop cables, this tool strips the outer jacket of drop cables and cuts the strength members exposing the fiber inside. This drop cable stripper features the following:

- Works on cables with FRP or steel strength members
- Removes the outer jacket without damaging or nicking the fiber
- Non-slip ergonomic handle helps prevent hand grip fatigue
- Fiber support is scaled to help determine strip length
