
PRODUCT CHANGE NOTICE

Wafer Fabrication Site Change for Listed Intersil Products

**Refer to:
PCN13065**

Date: December 24, 2013

December 24, 2013

To: Our Valued Intersil Customer

Subject: **Wafer Fabrication Site Change for Listed Intersil Products**
Palm Bay, Florida

This notice is to inform you that Intersil is qualifying Intersil's Palm Bay, Florida facility for wafer fabrication of the listed C5 technology products. The change in wafer fabrication site is necessary, as the current fabrication facilities (Yamaha and XFAB) have notified Intersil that they intend to discontinue manufacturing this technology. The process technology qualification activity is complete. The site-specific package related qualification and product evaluation activity is scheduled to complete in phases starting May 2014 and completing in June 2014. Targeted completion dates for the package related qualifications are listed below with the qualification plan.

The Intersil Palm Bay, Florida facility is an ISO 9001:2008 and ISO/TS 16949:2002 certified wafer fabrication facility. The product and site qualification plans are designed using JEDEC and other applicable industry standards to confirm there is no impact to form, fit, function, or interchangeability of the product. A summary of the qualification plan is included for reference. The qualification results will be available for review upon completion by request. The remainder of the manufacturing operations (package assembly, package electrical testing, shipment, etc.) will continue to be processed to previously established conditions and systems. The ICP Test Report for the Palm Bay fabrication facility is located on Intersil's Environmental web site under Material Sub-Group: "Silicon"; Material "die" and the PDF file is titled Intersil Corporation.
<http://www.intersil.com/en/support/environmental.html#WA>;

There will be no change to the product data sheet specifications or external marking of the packaged products. Product affected by this change is identifiable via Intersil's internal traceability system.

Intersil will take all necessary actions to conform to agreed upon customer requirements and to ensure the continued high quality and reliability of Intersil products being supplied. Customers may expect to receive product manufactured from either the current or the newly qualified site upon successful completion of all qualification activities.

If you have concerns with this change notice, Intersil must hear from you promptly. Please contact the nearest Intersil Sales Office or call the Intersil Corporate line at 1-888-468-3774, in the United States, or 1-321-724-7143 outside of the United States.

Regards,

Jeffrey Touvell
Intersil Corporation
