Dear < Customer FSE Last Name>,

**Subject: MICRO SWITCH™ U Series Subminiature Standard Switches Last Time Buy Opportunity**

Honeywell Sensing and Control announces new standard subminiature switch opportunities should be transitioned to the MICRO SWITCH™ Z Series standard subminiature snap-action product line.

The discontinuation of the MICRO SWITCH™ U Series will be effective January 1, 2011. Honeywell is offering customers the opportunity to place last-time buy orders. All MICRO SWITCH™ U Series orders must be placed by September 30, 2010. All last-time buy orders are non-cancelable and non-returnable.

The MICRO SWITCH™ Z Series of standard subminiature snap-action switches can serve as a replacement for MICRO SWITCH™ U Series products.

- **Web presence and documentation:** MICRO SWITCH™ UM Series listings have been removed from the S&C website and documentation.
- **Orders and delivery:** Existing Honeywell customers must place their last-time buy orders by September 30, 2010. Standard lead times apply to all orders.
- **Recommended replacement listings:** Please see attached chart.

We want to work with you to make this transition as smooth as possible. Please work with your local sales office for assistance with this transition. If you have any questions, please contact your Honeywell Sales Consultant, your Sales Representative for Honeywell products, your regional distribution manager, or me at [john.martinson@honeywell.com](mailto:john.martinson@honeywell.com) or +1 815-235-6939.

Sincerely,

*John V. Martinson*

John V. Martinson  
Director, Product Marketing, Electromechanical  
Honeywell Sensing & Control
