

30th June 2020

To: Valued Customer

From: Littelfuse Product Management

Subject: Phasing out of 3.6x10mm 674/675/676/677 Fuse Series

As regards to the above reference, due to product rationalization purposes, Littelfuse will be phasing out the 3.6x10mm 67X series fuses.

The 67X series will be proposed to be replaced by another existing 3.6x10 fuse series which is the 87X series.

Please see below for the proposed cross reference.

CROSS REFERENCE INFORMATION

Existing (67X series)		Recommended (87X series)	
674	Fast Acting UL standard,3.6x10mm	874	Fast Acting UL standard,3.6x10mm,
675	Slow Blow UL standard,3.6x10mm	875	Slow Blow UL standard,3.6x10mm
676	Fast Acting IEC standard,3.6x10mm	876	Fast Acting IEC standard,3.6x10mm,
677	Slow Blow IEC standard,3.6x10mm	877	Slow Blow IEC standard,3.6x10mm

Datasheets are available at www.littelfuse.com

The last time buy for 674, 675, 676 & 677 Series is 31st July, 2020, and shipment would be the end of Sep, 2020.

As for the 874, 875, 876 and 877 fuse samples, the samples are available today.

You can contact Littelfuse local sales for samples applying.

Please let us know should you have further queries.

Yours sincerely,

Style Liu
