

# Product change notification

PCN13-02 – PTS645

## Document revision

<b>Revision</b>	<b>Date</b>	<b>Description</b>	<b>Author</b>
A	April 15, 2013	Creation	J. Smolinski

---

## Summary

1. Purpose.....	4
2. Overview .....	4
3. Part numbers affected .....	4
4. Reason for Change.....	4
5. Date of application .....	4
6. Acknowledgement.....	4
7. Support .....	4

## 1. Purpose

C&K components, as design and manufacturing company for micro-miniature tact switches, is constantly looking to improve the manufacturing means and processes in order to continue serving its customers with the highest performance level.

As part of this continuous improvement policy, C&K Components is updating its part numbering for the PTS645 series

## 2. Overview

The part numbering change will continue for the whole PTS series (PTS125, 525, 635 and 645) We will introduce the new part numbers progressively and we started the project with the release of the most common series: **PTS645**

- PTS645 S (THT top actuated)
- PTS645V (THT side actuated)
- PTS645SMTR (SMT top actuated)

These « MK2 » series are exactly the same in dimensions and performances (100K cycles)

## 3. Part numbers affected

New series are identified as follow ( F: force identification digit – HH: Height identification digit)

- PTS645 SFHH-2 LFS
- PTS645 VFHH-2 LFS
- PTS645 SFHH SMT **92** LFS

Details are in Annex 1

## 4. Reason for Change

We needed to open more options in our part numbering systems to accommodate different new options for the PTS series.

## 5. Date of application

- Last time buy: Non applicable
- **Product Change: immediate. The current orders placed with C&K with the current part number and designation will be delivered accordingly. This change applies for new orders only.**

## 6. Acknowledgement

We kindly ask you to acknowledge this information to your Sales Representative

## 7. Support

For any question, feel free to contact: [jerome.smolinski@coactive-tech.com](mailto:jerome.smolinski@coactive-tech.com)
