855-12848	McPIM, TP/FO-SM1550/LONG-ST
855-12849	McPIM, TP/FO-SM1550/LONG-ST

Advantech B+B SmartworX (IMC Networks) announces the last-time-buy and end-of-life for the products listed in the table; customers may place "last time buy" orders until September 1, 2016, or until available inventory is exhausted.

The 855-128XX series, the McPIM, a 10Mbps Module, is facing End of Life. A chip is no longer available, and due to low sales, the product will be phased out immediately.

Product Migration Path:
The iMcV-PIM, a 10Mbps Module, is a larger form factor, but still available to support 10Mbps Ethernet network connections.

Recommended product replacement:
The iMcV-PIM, 850-1494X. This module requires an iMediaChassis, MediaChassis or IE-MediaChassis series.

For details and product recommendations, please contact techsupport@bb-smartworx.com

Thank You,

Susan Stanley, Product Training Manager, Network Infrastructure
