

Product Change Notification

TE Connectivity

Product Change Notification: P-18-016409

PCN Date: 01-OCT-18

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
1.5MM SFC PREFORM FOR SOCKET CONTACTS

Description of Changes
Dear Customer, we hereby inform you about a new process equipment of a plating process for the component part number 968903-4.

Reason for Changes:
Customer Request. To ensure the quality level as well as the supply also in future we would like to inform you with this PCN about new process equipment at our TE manufacturing location in Montcada (ES). This new process equipment will be used to perform the plating-process for parts on component level. As the new process equipment will be technically equivalent to the existing one(s), the process validation, capability analysis and release will be done TE internally. Therefore this PCN is for your notification only. If you would like to review the planned scenario please contact your Sales/Marketing representative.
