Re: Discontinuation Notice – VS4 Series Opposed Mode Sensors

---

Banner Engineering is issuing notification regarding the discontinuation of the VS4 Series Opposed-Mode miniature sensors. Note that the related VS1, VS2, and VS3 models are not affected by this notice.

A supplier is discontinuing a key operation used in the production of these models. Banner's authorized channel partners will have until March 31, 2021 to place any last time buy orders for these products and Banner will make every effort to satisfy all last time buy orders to the best of our ability. Attached to this notice is a table of affected P/N's for your reference.

Contact your Banner application support team for any questions and please ensure all your sales teams are aware of this product notice.

Thank You!
