

*June 2022*

## **Ref: Product Discontinuation / End of Life Notice**

Due to global supply chain challenges, the cost of Carlo Gavazzi's CONB series cordsets has more than doubled. This cost increase does not make the CONB cordsets a reasonable option for our customers. Therefore, Carlo Gavazzi is discontinuing the majority of the CONB series cordsets effective immediately.

Please note the following in consideration of the CONB cordset discontinuation:

- Except for IP69K CONB cordsets (part number noted with 'W'), all CONB cordsets are discontinued
- Remaining inventory of the CONB series has been shipped
- All open orders with CONB series cordsets will be cancelled

Carlo Gavazzi is excited to announce a new cordset series, CONE. These cordsets are available in various lengths, straight or angled connection, and with PVC or PUR jacket. Additionally, the CONE series cordsets offer:

- Better derating performance
- Two label holders for simplified cable identification
- Delivery in a single plastic bag, and
- cUL approval

Our intent is to provide customers with accessories to complement Carlo Gavazzi's sensor portfolio and help customers achieve their goals. While we regret any inconvenience this announcement may have caused, we are looking forward to continuing to support your sensing needs.

Should you need any further info, please don't hesitate to contact us.
