

Announcement

24 April 2022

Change of production site: BN series terminal blocks

IDEC would like to inform you that we will change the production site of some of our BN series terminal blocks from Japan to Thailand. Details are as follows:

1. Subject models

- Part Number: BN30W
 - Part Number: BN30W-ZT2
- Note: Special products are also included.

2. Details

The production site will be changed from Japan to Thailand. Product origin indicated on the product cases will be changed to "MADE IN THAILAND". For example:

Also, the shape of the product cases will be changed as follows.

Current	New
	

Note: Specifications are the same for the products made in Japan and the products made in Thailand.

3. Schedule

Starting from September 2022.

4. Part number and prices

No change
