Introduce NGKED as 2nd supplier for SOT467B3/C3 flanges used in GaN products

Information Notification

Supplier NGKED is introduced as alternative supplier for SOT467B3 (earless) flanges and for SOT467C3 (eared) flanges that are used in GaN products.

An alternative supplier for these flanges is introduced to reduce supply risks in our supply chain.

Flanges from supplier NGKED can be recognized by black colored ringframe and by closed 'ears' i.s.o. open 'ears' (SOT467C3 only).

Flanges from original supplier have grey colored ringframe. See also attached presentation.

The Qualification plan to release the NGKED flanges is presented in the attached presentation. Results are expected in week1605. An update of the information note will be made once the results are available.

Why do we issue this Information Notification

To inform the customer on the introduction of an alternative supplier and to inform the customer about the visual differences (see attached document)

Identification of Affected Products

Product identification does not change

Impact

no impact to the product's functionality anticipated.

Data Sheet Revision

No impact to existing datasheet
