AI-000480
(Paint Grounding Cable)

- The AI-000480 was specifically designed as an industrial grounding cable for painting components.
- Overall length of 39.4" (1m), maximum jaw opening is 0.6" (15mm)
- Constructed with 1/16" (1.6mm) 304 stainless steel wire rope.
- Clip is a BU-122. The flat nose has a dimple in the center to insure good electrical contact even when paint covers the rest of the clip.
- Made from 304 stainless steel for easy cleanup.
- The ring terminal has a 5/16" ID (7.9mm) and is crimped on the wire.
- RoHS 3 compliant
