

Honeywell Announces Obsolescence of Certain Packaged Products and Last Time Buy

July 14, 2017

Effective immediately, due to low volume, Honeywell Sensing and Internet of Things, a Gold Business Enterprise of Honeywell Safety and Productivity Solutions, will no longer support the part numbers listed below. Please place your last order by August 18, 2017 as no orders will be accepted after this date. This provides our customers with a 1-month period to analyze upcoming demand requirements and place an order.

Last time buys are offered for these packaged products and must be received by August 18, 2017 for shipment by December 31, 2017. Honeywell reserves the right to review last time buy orders to determine if they can be filled and if Minimum Order Quantities (MOQ) apply greater than published MOQ.

Honeywell values its customers and realizes that this product obsolescence may require new platform validation. We want to work with you to make this a smooth transition to your new platform.
