Product Advisory #1799 VL-EBX-18

This is a formal notification that products supplied by VersaLogic Corporation are being revised. Our records indicate that your company has purchased these products.

Please read this notice thoroughly to determine what impact this change may have on you with regard to your currently owned products or future purchases from VersaLogic.

Affected Products

Product	Description	Old Revision Level	New Revision Level
VL-EBX-18	EBX Single Board Computer	1.01	1.02

Changes Made to the Product

The VL-EBX-18 will now be using a CMOS / RTC backup battery that is soldered directly to the circuit board (as opposed to being in a battery holder).

Customer Impact

These changes will not affect customer hardware or software components. Fielded units do not need to be updated.

Future Shipments

New revision boards will begin shipping in November, 2021. Depending on the current inventory on hand as of November, 2021, you may receive both new and old revision boards for a short period of time.

Additional Information

For additional information or assistance related to this change, please contact VersaLogic Customer Support at Support@VersaLogic.com or call (503) 747-2261.
