

KNIPEX Quality – Made in Germany

KNIPEX TubiX® Pipe Cutter

Faster, easier, and more precise cutting

Cuts copper, brass, and stainless steel pipe from 1/4" to 1 3/8"

Durable body constructed of magnesium

QuickLock for single-handed quick adjustment

Spare cutting wheel stored in end of handle

KNIPEX TubiX® Pipe Cutter

90

NEW: pipe cutting unlike any before! Use just one hand to push the cutting wheel.

- ▶ QuickLock single-handed quick adjustment enables the cutting wheel to slide to any pipe diameter with a single press of the thumb
 - ▶ Cuts copper, brass, and high-grade steel quickly and easily
 - ▶ High-quality needle bearings enable the cutting wheel and four guide rollers to operate with ease
- > Cut pipes with diameters from 1/4" to 1 3/8" (0.6 mm to 35 mm)
 - > Cutting wheel made of high-grade ball-bearing steel
 - > Spare cutting wheel stored in the handle for quick replacement
 - > Precision ground deburring tool slides out of the way when not in use

For cutting stainless steel, copper, and brass pipes with diameters from 1/4" to 1 3/8" (0.6 mm to 35 mm)

← The overall length does not change during operation →

NEW
PAT. PEND.

Needle-bearings and cutting wheel made of high-quality ball bearing steel

The cutting wheel can easily be positioned on the pipe with the single-handed quick adjustment

How to use the KNIPEX TubiX® pipe cutter in four steps

1 Position the opened KNIPEX TubiX®

2 Push the cutting wheel against the pipe with the QuickLock single hand quick adjustment: fastest adjustment to different pipe diameters

3 Tighten blue handle as you rotate the cutting wheel around the pipe

4 Use the removable deburring tool to deburr the end of the cut

Part Number	Description	↔		Cutting Capacity		⚖ lbs
		inch	mm	Ø inch	Ø mm
