

Sales ALERT Bulletin

DS2900-3 Series CCC Approval

To: Artesyn Embedded Power Sales Channel

From: Richard Caubang

Subject: DS2900-3 Series CCC Approval

Date: Sept 16, 2014

Due to China CCC's enforcement of not requiring power supplies >1300W to have the CCC approval, the DS2900-3 series shall have a label change to exclude the CCC logo. In lieu of the CCC logo, the DS2900-3 series will have the CQC logo. Although CQC is not a mandatory requirement, we feel that having CQC certification will help our products for sale into China.

OLD LABEL

NEW LABEL

This change is effective on new shipments starting immediately.

The details of this change can be found in PCN_DS2900-3_CCC to CQC UPGRADE document in our website.

If you have any questions or need specific application assistance, please contact us (or you may visit <https://www.artesyn.com/power/support/?page=support> or call 1-888-412-7832) or your local sales representative to assist you.

Thank you for your continued patronage.

Best Regards,

Richard Caubang
