Date : 20201204

Form No. : SI202012-04

Change Type	<input checked="" type="checkbox"/> Material / Specification Change <input type="checkbox"/> Equipment Change <input type="checkbox"/> Process Change <input type="checkbox"/> Man Change				
Product Type	Speaker	Model No.	<b>SP-2014L-1</b>	Affected Date of the Change	4 Dec 2020
Reason for Change :					
Raw materials have been discontinued and have been replaced with new materials.					
Areas to be Changed					
Before Change :			After Change :		
1. Front			1. Front		
					
2. Back			2. Back		
					
3. Dimension			3. Dimension		
					

Impact of this Change to End-user:

Electroacoustic characteristics: Impedance, Sound Pressure Level, Response Frequency, Power Rating, and Distortion are the same as before. Also, as there is only a nominal increase in size, 0.2mm, the change will not impact any area of functionality.

Approved by Sales Director	Checked by Sales	Prepared by PM
