

Rechargeable Spotlight

ENGPSP8

The Energizer Rechargeable Spotlight is a great tool for work and DIY situations. Its compact and lightweight body houses great performance and brightness. The folding stand allows handsfree use – just sit the light down and point it where you need it. The large push button works great with work gloves and makes it easy to use. This light is rechargeable and the USB cable is included in the compartment in the back of the light, allowing you to always have that on hand whenever you need to charge it.
