

June 15, 2015

To: Whom It May Concern

Subject: Product Discontinuance

EOL 2015-0615151

Bel Fuse Inc. is issuing this correspondence as confirmation of discontinuance of production of all integrated connector modules using the -33x circuitry. Some direct replacements are available and are shown on the attachment as they correspond to the now Obsolete parts.

Please remove column B from your AVL. We request you add Column C. Samples may be obtained through the normal sample request process on the Extranet or you may contact your Manufacturer's Rep or your local Bel sales representative for assistance.

To aid in the transition, Bel is offering a last time buy for these parts. Orders for these parts will be accepted up to 11/15/2015 with the last delivery scheduled no later than May 31, 2016.

Thank you for your understanding in this matter. Should you have any questions, please contact your local Bel representative or contact me directly at 201-432-0463.

Sincerely,

Warren Mitch
