CHANGE DESCRIPTION

Cree has begun shipment of the XLamp CXA LEDs listed above with the phosphor area of the package having a more orange tint. Examples of the XLamp CXA1507 LED with the different visual appearance are shown in the pictures below. All of these visually different XLamp LEDs meet the product specifications stated in the data sheet and use the same supporting documentation, such as LM-80 reports.

IMPACT OF CHANGE

Beginning May 6, 2013, Cree began shipments of the XLamp CXA LEDs listed above with different visual appearances. Each tray of the affected XLamp CXA LEDs will contain only LEDs with similar visual appearance. Customers may receive shipments containing both the current and new visual appearance in the same shipment until Cree's inventory of the old visual appearance LEDs is depleted.
