Subject : **End of Life (EOL) Notification –**  
Screw Terminal Aluminum Electrolytic Capacitors

Dear Valuable Customers,

We would like to take this opportunity to extend our heartfelt appreciation to your continued support and patronage rendered to our company.

We are writing this letter to inform you of an upcoming end of life (EOL) for Screw Terminal aluminum electrolytic capacitor.

In recent years, the scale of business for screw terminal aluminum electrolytic capacitors has been shrinking and production equipment has been aging. We have been considering additional capital investment internally, but it was finally decided that it would be difficult to continue as a business due to the impact of the shrinking business scale.

EOL product part numbers subject to discontinuation are listed on a separate sheet.

Replacement Product: None  
Last time order date: Sept 30<sup>th</sup> 2022

For more details, please feel free to contact your local Rubycon sales office.  
We apologize for any inconvenience caused and we sincerely ask for your understanding and cooperation.

Sincerely yours,

Susumu Sakai  
Corporate Officer  
General Manager of Production DIV  
Rubycon Corporation
