

8605 Staticide® Precision Rinse PMX

Safe for Powered-Up Contacts and Surrounding Plastics

Precision Rinse PMX is a non-flammable contact cleaner that is safe for most plastics. It is formulated to safely and quickly clean all types of electronic components and assemblies. This precision cleaner evaporates instantly and is excellent for removing oil, handling soils, dirt, grease, carbon, and light fluxes.

Directions:

Safe on most plastics except acrylics, ABS resins, polycarbonates and polystyrenes. Test for compatibility on non-critical area prior to use.

To rinse, spray at a distance of 4-6 inches from surface. Wash item from top to bottom, allowing liquid to flush away flux residues, dirt, and oil. Use extension tube for controlled application.

For industrial use only. Read SDS carefully prior to use.

Material Compatibility:

ABS	Poor
Buna-N	Poor
EPDM	Good
Graphite	Good
HDPE	Good
Kynar™	Good
LDPE	Good
Lexan™	Good
Neoprene	Good
Noryl	Good
Nylon™ 66	Good
Cross-linked PE	Good
Polypropylene	Good
Polystyrene	Poor
PVC	Good
Silicone Rubber	Good
Teflon™	Excellent
Viton™	Poor

Ideal for the following applications:

- Removing carbon dust from circuit breakers
- Cleaning ice trays and electrical motor assemblies
- Printed circuit boards; electronics equipment; PLC's
- Contacts and relays; finger connectors; fuses
- Control systems; precision devices; stencils/screens
- Test/measurement devices; switches; fiber optic splices

Features:

- ❖ May be used on energized equipment
- ❖ Displaces moisture; enhances electrical signals
- ❖ Removes encrusted dirt, grease, and contaminants
- ❖ Non-corrosive; non-flammable
- ❖ Safe to use on plastics
- ❖ Mild odor
- ❖ No CFCs, HCFCs, or 1,1,1 trichloroethane
- ❖ RoHS compliant
- ❖ Great HCFC 141b replacement
- ❖ Made in USA

Product# 8605

12 oz (340g) aerosol / 12 per case
