## RE: PRODUCT DISCONTINUATION

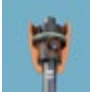

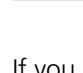

Dear ifm customer:

Our records indicate that you have previously purchased one or more of the M12 field wireable connectors shown below.

We want to take this opportunity to inform you that these products are being replaced with newly developed products.

ifm now offers M12 ecolink field wirables with enhanced features that offer improved strain relief and cable sealing. Therefore, the previous models will be discontinued and this is the “last call” to buy, as they will no longer be available after **March 31, 2020**.

The charts below show the discontinued part numbers with the new replacement part numbers and the enhanced features. For more product information, please visit our website at [www.ifm.com](http://www.ifm.com).

Discontinued Part No.	Field Wirable Replacement Part No.	Field Wirable Features
 E11508	EVC810	 Innovative strain relief with a separate highly elastic seal guarantees reliable sealing.
E11509	EVC811	 The 3-point strain relief reinforces the clamping effect with tension on the cable.
 E11504	EVC812	
E11505	EVC813	 End stop allows permanent sealing without damaging the O-ring seal.
 E11511	EVC814	
E11512	EVC815	 Terminals up to 17 AWG with “captive screws” and numbering of the terminals for clear wiring.
 E11506	EVC816	
 E11507	EVC817	

If you have any questions regarding this notification, please feel free to contact the Technical Support Team at 800-441-8246. We appreciate your business and look forward to serving you in the future.

Sincerely,  
 ifm efector
