

BL60MP Cordless Soldering Iron with Rechargeable Lithium-Ion Battery

Solder on the go. Get a grip on this ergonomic cordless iron. Charged by lithium for endless soldering.

Long-lasting battery

- › High performance lithium-ion battery stays on for 45 minutes or can provide up to 1,100 solder joints per charge
- › Averages 3 hours to recharge

Ergonomic and safe

- › Round, co-molded handle designed for comfort
- › Convenient on/off switch
- › Easy tip change
- › Stable, heat-shielded base with built-in side tool stand

Heating cycle

- › Reaches 536 °F / 280 °C, solder melting point, in 35 seconds (goes up to 950 °F / 510 °C)
- › Application flexibility

LED illumination

- › Zero in on your solder joint with confidence with LED illumination on your application

7-year warranty*, an industry best!

- › Another reason to trust the Weller® brand!

* 7 year warranty does not cover battery

Mans.io

Features and Benefits

- › Long-lasting lithium ion battery charges quickly and lives on and on
- › Comfortable co-molded handle and convenient on/off switch
- › Heats up in 35 seconds
- › Precise soldering with LED light

Technical Data

Dimensions of packaging (L x W x H)	11.61 x 5.31 x 4.53 in. 295 x 135 x 115 mm
Dimensions of tool with tip	7.67 x 1.18 in. / 195 x 30 mm
Power	12 W
Weight	0.920 lbs / 0,417 kg
Heat up time to solder melting point	35 seconds to 536 °F (280 °C)
Temperature	up to 950 °F / 510 °C
Voltage input at base charger	100–240 Vac, 50 / 60 Hz
Voltage output	4.2 V 1000 mA
Supplied tip	BL10 Conical tip
Application light	One LED
LED operating indicator	Red = Power is on, Green = Ready to solder
Duty	Medium
Industry Best Warranty	7 years (does not include battery)
