Includes screw-down cable clamp and elastomer strain relief

Backshell connects via machined aluminum adapter

ADAPTER (INCLUDED)

NEW PRODUCT

The Multi-Con-X® from Conxall® has set the industry standard for sealed circular plastic connectors for nearly 50 years. Offering up to 12 #20 contacts, 6 #16 contacts, or 4 #12 contacts, some customers will require cable with a large outer diameter. This new adapter allows the much larger backshell from the Mega-Con-X to be used with the Multi-Con-X. It is offered in a kit with one of two backshell sizes, or as part of a complete connector kit (call factory)

**MULTI-CON-X®
COMPATIBLE**

Compatible with any Multi-Con-X cable plug or Cable-to-Cable connector, standard or Insta-Click

**0.57"
CABLE
DIAMETER**

Two options are available, covering a wide cable diameter range from 0.40" [10.2mm] to 0.57" [14.5mm]

**CONXALL
QUALITY**

Made in USA to the high standards that have made Conxall the leading name in harsh environment connectors.
