PCN-ICC-1665-2018

Business Unit	Product Line Code	Type of Change	Action	Date of Issue
ICC - Industrial Cabinet	BE2	Product Change Notification	Notify Distributors and Field	5/29/2018

The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

In consideration of continuously improving our product and customer satisfaction, along with a recent logistical backlog, we are implementing a change in the manufacturing location of our highest running Push-in terminal blocks to a new Phoenix Contact manufacturing facility, to increase capacity, output, and speed of delivery. Due to this manufacturing location improvement, there will be a slight change in the design of the listed PT 2.5 series terminal blocks. The change modifies the current bar, the push button, and the plastic housing. The product change has no influence on technical data, handling, electrical performance, ergonomics, or the top view design. Old and new versions are compatible and may be mixed, and all current accessories are compatible with the new version.

Stock Status

Can existing stock still be used?	Yes
Is mixture of stock acceptable?	Yes

Transaction Dates

Date modification goes into effect from Germany:	5/29/2018
Expected first shipment (from Phoenix Contact) of the modified products(s):	7/1/2018

Product Change Notification

Should you have any issues with the timeline or content of this product change, please contact Phoenix Contact using the information below. Customers should acknowledge receipt of the PCN within 30 days of delivery of the PCN; provided, however, that the failure to acknowledge receipt does not affect the product change or the effective date thereof.
